MAMONT

VODKA

Discover the most elegant Vodka from Siberia, infused with the spirit of adventure.

Inspired by the discovery of the Yukagir Mammoth, this vodka celebrates Polar Exploration and the epic moments in life. Traditionally made using the finest natural ingredients, Mamont Vodka is six times distilled from white winter wheat.

The spirit is combined with artesian well water from the Altai region and then filtered through silver birch charcoal for extra smoothness and crystal purity. With its soft taste, a hint of sweetness and a dry finish, Mamont is as unique as its tusk-shaped bottle.

“ The International Wines & Spirits Competition recently announced the top vodkas from the 2020 judging. Only 10 names out of the hundreds of vodkas submitted to the competition were awarded the IWSC's highest medal award, IWSC Gold Outstanding. Significantly, none of the global brands that dominate the international vodka market appeared among the IWSC's top ten vodkas. Nor did any American brands make the list.
