## MINKE IRISH VODKA

Minke Vodka is a luxuriously smooth pot still vodka.

The base spirit used to make Minke Vodka is derived from whey, produced from our 9th-generation family farm near Galley Head Lighthouse. This gives a unique velvety texture and mouthfeel to each delicious drop.

### HOW TO ENJOY MINKE VODKA

The luxuriously smooth vodka can be sipped easily or enjoyed over ice with a splash of tonic and a wedge of lime.

Elegant and refined, Minke Vodka is perfect in a cocktail. The signature smoothness imparts its velvety mouthfeel and texture to any creative concoction. Without overpowering the other flavours, the vodka simply compliments them, adding a silky sensation with every sip.

## CLONAKILTY DISTILLERY

A small family farm on the southwest coast of Ireland and an Irish farmer with a very big dream. The Scully family, the founders of Clonakilty distillery, have farmed this windswept coastal land for 9 successive generations. With the best resources that nature has to offer, prime land, pristine water and salt sea air, they had the perfect ingredients for a maritime distillery.

We grow our own heritage barley on our family farm in the shadow of the Galley Head lighthouse. Centuries of sea mist, soft rain and ocean spray provide a complexity to the soil that permeates through to each individual grain.
