CLONAKILTY DISTILLERY

A small family farm on the southwest coast of Ireland and an Irish farmer with a very big dream. The Scully family, the founders of Clonakilty distillery, have farmed this windswept coastal land for 9 successive generations. With the best resources that nature has to offer, prime land, pristine water and salt sea air, they had the perfect ingredients for a maritime distillery.

We grow our own heritage barley on our family farm in the shadow of the Galley Head lighthouse. Centuries of sea mist, soft rain and ocean spray provide a complexity to the soil that permeates through to each individual grain.
