

HATOZAKI

WHISKY

FINEST WHISKY

A premium blend of whiskies, aged in barrels with a minimum malt whisky content of 40%.

Foundation blend created from a selection of fine whiskies: first aged in ex-Bourbon casks, then a portion of each is blended & aged in ex-Sherry casks.

Never colored or chill filtered, which preserves the whisky's delicate personality.

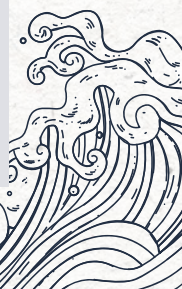

Can be perfectly enjoyed in a highball cocktail.

TASTING NOTES

A balanced feel in the mouth, with an aromatic palate and floral notes. The style is light and elegant, but a great deal of depth comes from the malted barley. Hatozaki Finest has cereal notes and a delicate roundness, which integrate harmoniously in a highball cocktail.

Launched by the Kaikyo distillery, Hatozaki whiskies were born of Master Distiller & Blender Kimio Yonezawa's vision to create elegant and genuine whiskies aged on the shores of the Seto inland sea. A quiet world, an ecosystem where peace reigns supreme and natural forces wield their inimitable power. The sea winds and salty breezes provide ideal and unique conditions for ageing whiskies.
